

TOWEL WARMER ARC 500X1200 CHROME

Item number: 0875

Our Arc towel warmer with its attractive and practical asymmetric design. Now also available in black. The asymmetric design makes it easy to hang towels by either sliding them in from the side or hanging them from the ends of the pipes. Choose whether you want to place the towel warmer with the vertical pipes on the right or the left. Fitted with an electric element or a one-hole valve. You can also combine both options for dual operation (only with one-hole valve 0867 and element 0862). Additional items: Electric element or one-hole valve.

Detailed information

Item number

NOBB	51641535
RSK	8684465
EAN	7340032408751

Standards and classifications

EN standard	EN442
CE marked	Yes
ETIM	EC011023

Package weight(kg)	9,880

Miscellaneous

Heating	Vatten/El
Power Water (ºT50°)	360W
Connection	Dual operation – water & electricity, Electric operation with element, Central heating with water

Care instructions

Regularly remove lime residue with a damp cloth. Do not use detergents that are corrosive, acidic or abrasive as it can cause permanent damage to the surface. Remember to fill your towel warmer with glycol if you have it in a room exposed to subzero temperature, such as summer residence. Save your heaters installation instructions as you may want to adjust the settings
