NORO

BASIN ATTRACT CONCRETE 900

Item number: 320213

Washbasin in cast concrete, with a modern industrial look. Spacious sink bowl with large flat surfaces on top of the sink. Each washbasin is handmade and therefore unique. The concrete surface is rustic and vibrant with several variations in colors. The sinks inside and top is sealed to close the pores of the concrete making it more stain resistant. Natural pores on the outside of the sink may occur. Available in sizes 600 and 900mm and suitable for City, Vogue and Studio furniture series. Does not have overflow protection. Add bottom valve and water trap.

Detailed information

Item number	
NOBB	56921132
RSK	7780921
EAN	7340032431797
Standards and classifications	
ETIM	EC011550
EN standard	EN14688
CE marked	Yes
Product dimensions and weight	
Width	910
Depth (mm)	465
Height (mm)	135
Net weight (kg)	16
Material and surface treatment	
Color	Dapple-grey
Main material	Concrete
Packaging dimensions and weight	
Package height(m)	0,510
Package width (m)	0,955
Package depth(m)	0,183
Package weight(kg)	18,000

Care instructions

Concrete is a rustic material with natural variations in colour and surface. The material is porous and the surface of the basin has both been hardened and sealed to make the surface more resistant to stains. Treat the surface of the sink with wax (e.g. car wax) every 6 months. The surface can be damaged by abrasive sponges, scrubbing powder and similar products, which eventually leads to stains and damages that can't be repaired. Wipe of water drops with a soft cloth after use to avoid lime coating. If water is left standing in the basin, dark areas may occur which disappear after a few hours. Do not expose the washbasin to water with a temperature higher than 60°C or rapid temperature changes. Clean the washbasin with a damp cloth or sponge and possibly a little mild detergent. Avoid steel wool, abrasive sponges etc. Avoid cleaners and products containing abrasives, acids, ammonia, acetone or other chemicals (e.g. scrubbing powder, hair spray, hair colour, bleach, hair removal and nail polish remover etc.). Should you spill any of the above products on the wash basin it should be removed immediately to
