

FROST DV 115 HAPPY GOING WITH WALL PROFILE

Item number: 203401

Frost is a series of straight and elegant shower enclosures. Available in variants with bars and profiles in silver matt or black matt finish and with glass in several exciting designs. The series includes models for placement in corners and more centrally in the room. Safety glass 8mm thick. The drapery rod is 120 cm and easy to cut to the desired length. The rod can be attached to the wall or ceiling. Robust construction with strong aluminium profile. Can withstand floor drops of up to 10 mm. Profile for external pipework is available for purchase.

Surface treatment	Anodized
Glass	Frosted glass
Color	Aluminum

Packaging dimensions and weight

Package width (m)	2,075
Package height(m)	0,050
Package depth(m)	1,400
Package weight(kg)	55,000

Care instructions

To facilitate the cleaning of shower doors and shower walls, the showers have large smooth surfaces and profiles without deep grooves. Discolouration is removed using citric or tartaric acid, rinse thoroughly afterwards. Limescale stains are removed using household vinegar warmed to 50 degrees: Rub it in, let it act, rinse away. Repeat for tough stains. Use rubbing alcohol to remove grease stains.
